

The Markets

New York Stock Exchange.
New York, Dec. 28.—Intermittent liquidation from domestic and foreign sources was the restraining influence in today's market.

Moderate advances ruled on the assumption of trading today; all classes of stocks sharing in the rise. United States Steel was again the center of interest, opening with 3,000 shares at \$9, unchanged from yesterday's close, but soon approximating the recent high record.

Coppers manifested underlying strength and Mexican Petroleum advanced 1% to 18 1/2¢, a new record. Texas & Pacific fell 4 1/2 points to 2 at the opening on a receivership proceeding. Anglo-French bonds duplicated their minimum at 84.

Clost:
American Sugar Refining, 115 1/2.
Anaconda Copper, 89 1/2.
Atchison, 197.
Chino Copper, 54 1/2.
Inspiration Copper, 15 1/2.
Reading, 81 1/2.
Southern Pacific, 102 1/2.
Union Pacific, 128 1/2.
United States Steel, 27 1/2.
United States Steel pfd., 118 1/2.

London Stock Market.
London, Dec. 28.—American securities maintained the rise established in New York during the holiday here and closed firm today.

Chicago Board of Trade.
Chicago, Dec. 28.—General selling by commission houses today pulled down the price of wheat. Signs of a heavy increase of the world's available stock total counted somewhat against the bulls. The opening which ranged from a shade to 1 1/2¢ lower with May at \$1.25 to \$1.26 1/2 and July at \$1.17 to \$1.18, was followed by a substantial further decline.

The close was unsettled 1 1/2¢ to 2¢ net lower with May at \$1.24 1/2 to 1.24 1/4 and July at \$1.16 1/2.

Corn sagged with wheat. After opening unchanged to 3¢ lower, prices rallied a trifle, but then suffered a moderate general setback.

The close was nervous at 1 1/2¢ to 2 1/2¢ net decline.

Oats gave away as a result of the weakness of other grain. Higher prices on hogs helped to lift provisions.

Closed:
Wheat—May, \$1.25 1/2; July, \$1.18 1/2.
Corn—Dec. 28, May, 75 1/2.
Oats—Dec. 28, May, 47c.
Pork—Jan., \$1.56, May, \$1.68 1/2.
Lard—Jan., \$1.70, May, \$1.97.
Hams—Jan., \$2.22, May, \$1.27.

Kansas City Grain.
Kansas City, Dec. 28.—Wheat—No. 2 hard, \$1.15 1/2; No. 2 red, \$1.15 1/2; May, \$1.15 1/2; July, \$1.08 1/2.
Corn—No. 2 mixed, \$6.00 1/2¢; No. 2 white, 68¢; May, 71 1/2¢; July, 71 1/2¢.
Oats—No. 2 white, \$2.50 1/2¢; No. 2 mixed, 29 1/2¢ to 30 1/2¢.

Kansas City Produce.
Kansas City, Mo., Dec. 28.—Butter, eggs and poultry, unchanged.

Chicago Livestock.
Chicago, Dec. 28.—Hogs—Receipts, 26,000; strong, 75¢; the above yesterday's average. Bulk, \$1.26 1/2¢; light, \$1.20 1/2¢; heavy, \$1.15 1/2¢; pigs, \$1.00 1/2¢.
Cattle—Receipts, 7,000; steady. Native beef steers, \$6.00 to \$9.75; western steers, \$6.20 to \$8.10; cows, \$2.80 to \$4.40; calves, \$6.50 to \$9.20.
Sheep—Receipts, 12,000; strong. Wethers, \$8.10 to \$7.00; lambs, \$7.25 to \$7.50.

Kansas City Livestock.
Kansas City, Mo., Dec. 28.—Hogs—Receipts, 16,000; higher. Bulk, \$6.35 to 7.75; heavy, \$6.60 to 8.25; light, \$6.30 to \$6.50; pigs, \$5.00 to \$6.00.
Cattle—Receipts, 7,000; higher. Prime fed steers, \$9.00 to \$10.50; dressed beef steers, \$6.30 to \$8.50; western steers, \$6.00 to \$8.25; calves, \$6.00 to \$6.50.

Denver Livestock.
Denver, Dec. 28.—Cattle—Receipts 400 head; market steady; beef steers, \$6.00 to \$7.50; cows and heifers, \$5.00 to \$7.50; steers and feeders, \$5.00 to \$6.00; calves, \$5.00 to \$6.50.
Hogs—Receipts 800 head; market higher, top, \$6.50; bulk of sales, \$6.40 to \$6.50.
Sheep—Receipts 1200 head; market higher.

New York Money.
New York, Dec. 28.—Merchandise paper, 39 1/2¢ per cent.
Bar silver, 54 1/2¢.
Mexican dollars, 41 1/2¢.
Government bonds, steady.
Railroad bonds, irregular.
Time loans, firm; sixty days, 2 1/2 to 3 per cent.
Call money, steady; ruling rate, 2 per cent.

New York Metals.
New York, Dec. 28.—Copper, firm; electrolytic, \$2.25 to \$2.50.
Iron, steady and unchanged.
Metal exchange quotes, firm; quiet, \$33.99 bid.
At London: Spot copper, 185 1/2¢; futures, 185 1/2¢; electrolytic, 180 1/2¢.
Spot tin, 187 1/2¢; futures, 186 1/2¢.
Antimony, 112 1/2.

Lead and Spelter.
New York, Dec. 28.—The metal exchange quotes lead offered, \$5.40; spelter, not quoted.

At London: Lead, f. 29 1/2¢; spelter, 189.

New York Cotton.
New York, Dec. 28.—Spot cotton quiet; middling uplands, 12.5¢; no sales.

Albuquerque Foundry and Machine Works.

Engineers, Founders, Machinists
Castings in Iron, Brass, Bronze,
Aluminum, Structural Steel for
Bridges and Buildings.

Works and Office—Albuquerque, N. M.

MEMORIAL SERVICE TO BE HELD FOR W. J. MILLS

East Las Vegas, N. M., Dec. 28.—Wednesday morning in the chambers of Judge D. J. Leshy, the members of the bar who reside in Las Vegas will meet to hold a memorial service for the late William J. Mills, former chief territorial governor of the commonwealth.

Resolution drafted by Stephen B. Davis, Jr., William Lucas and Judge E. V. Long will be read and several addresses will be made.

STATE BANK LIKELY FOR CLOVIS SHORTLY

Clovis, N. M., Dec. 28.—R. A. Jones, former president of the First National bank of this city, is organizing a new financial institution to be known as the Citizens' bank. The new institution will have a capital of \$25,000, well distributed over the county.

Closed:
American Sugar Refining, 115 1/2.
Anaconda Copper, 89 1/2.
Atchison, 197.
Chino Copper, 54 1/2.
Inspiration Copper, 15 1/2.
Reading, 81 1/2.

SISTER OF CATRON BURIED IN EL PASO

El Paso, Tex., Dec. 28.—Mrs. Effie Walz, a sister of Senator T. H. Catron, of New Mexico, and widow of W. G. Walz, who died here Saturday, was buried yesterday. She leaves two daughters and a son.

Her husband was one of the pioneer merchants of this section and was very wealthy.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headaches, no hawking, sniffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; sooths and heal the swollen, inflamed mucous membrane, and relief comes instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

CHAVES COUNTY MAKING STRIDES IN EDUCATION

Roswell, N. M., Dec. 28.—Chaves County's strides in educational matters are reflected in the report of the county superintendent just forwarded to the state department of education. This shows that of the county's teachers fifty-two have high school diplomas and eighteen have college or normal school diplomas.

Eight new school districts have been created in the past year. Sixty-four buildings are used, and all but one of these are owned outright by the district using it. Roswell has forty-two teachers; the rural districts eighty-two.

The Roswell school census is 2,588, with attendance of 1,659; the county districts show a school population of 2,975, with attendance of 2,262.

The cost of education is a little over \$2 annually per pupil.

PUBLIC SENTIMENT HIGH AT ROY OVER ALLEGED OUTRAGES

Roy, N. M., Dec. 28.—Several alleged outrages, culminating in some sort of an affair between Andrew Abel and a young native girl, and her mother, in the course of which the women ran to a neighbor's for protection, has raised public sentiment here to a high pitch.

Abel, it is said, resisted arrest when Constable Stephen Morris attempted to serve a warrant sworn out by the girl's mother. He is said to have had the assistance of several other men in the saloon where the warrant was presented.

Abel, it is asserted, terrorized one neighborhood of the town some time ago but is said to have escaped the consequences of his alleged acts through the influence of friends.

UNPRECEDENTED RUSH FOR AUTO LICENSES

Santa Fe, N. M., Dec. 28.—There has been an unprecedented rush at the office of the secretary of state. Already more than 1,000 have been issued and this figure is expected to be doubled this week.

Madison, Wis., Jan. 1, 1912.

M. D. Reynolds says.—

This is to certify that I have been a great sufferer from Rheumatism since 1894. Contracted the disease while working with a snow plow on the railroad. For several years I have been obliged to use crutches a great part of the time. Having used three boxes of the Meritol Rheumatism Powders, I have thrown away the crutches and am now almost fully recovered. It certainly has done wonders for me and I heartily recommend it.

M. D. REYNOLDS.

Otwell Drug Co., agents. Prices 50¢ and \$1.00.

New York Metals.

New York, Dec. 28.—Copper, firm; electrolytic, \$2.25 to \$2.50.

STATE'S MINING OUTPUT DISPLAYS ENORMOUS GAIN

Increase of Production in 1915 60 per Cent; Mogollon District Continues in Fore of Gold Producers.

The output of New Mexico mines for eleven months of 1915, with an estimate for December, as reported by the United States geological survey, indicates a yield of \$1,569,000 in gold, 2,032,000 ounces of silver, 2,511,000 pounds of lead, 12,000,000 pounds of copper, and 24,480,000 pounds of zinc in the terms of smelter and zinc in zinc oxide, as compared with \$1,171,636 in gold, 1,777,445 ounces of silver, 1,762,641 pounds of lead, 9,807,925 pounds of copper, and 18,492,928 pounds of zinc, in 1914. These preliminary figures compiled by Charles W. Henderson show an increase of \$228,000 in gold, 25,600 ounces of silver, 2,186,000 pounds of lead, 12,674,000 pounds of copper, and 6,257,000 pounds of zinc. With higher values for metals, except for silver, the total value was \$18,271,000, against \$11,049,932 in 1914.

Many Thunderstorms Observed in Capital

Santa Fe, N. M., Dec. 28.—Santafesine, according to the weather bureau, has more thunderstorms than any other weather station in the country except Tampa, Fla. Tampa had 94 and Santa Fe had 72. The bureau has made a study of thunderstorms for the last ten years.

WANTED—Male Help.

WANTED—Husky boy, about 15, to deliver groceries on bicycle. Charles Conroy, Coal and Arno.

WANTED—Female Help.

WANTED—Experienced sales-ladies in various departments. Rosenwald's.

WANTED—A washwoman. 824 East Coal avenue.

SITUATIONS WANTED.

SITUATION WANTED by a neat colored girl to do chambermaid or housekeeper. Apply at 214 West Grand, Ima May.

mine sulphide concentrates were made from New Mexico in 1915. At Kelly, Socorro county, the principal producing mine was the Graphic and Kelly. The Ozark mill was operated continuously on the sulphide ores from the Graphic and Kelly mines until the new Graphic magnetite mill was completed. At Hanover, Grant county, zinc carbonate ores were shipped from Hanover and other mines; and the building of a mill for the treatment of sulphide ores at Hanover was commenced. Both zinc carbonate and sulphide ores were shipped from the Coues Peak district, and carbonate ores from the Florida and Trejo Hermanns district. Zinc concentrate was shipped from the water-concentration-electrolytic mill at Pinos Altos M. & M. Co. The magnetite separation mill at the Coues mine, at Pinos Altos was completed and set in operation. A car of zinc ore was shipped from the Hermanns district, Sierra county. The production of zinc ores and concentrates from New Mexico was 39,790 tons of 22.2 per cent, as compared with 23,453 tons of 27.5 per cent zinc in 1914.

Another important district was the Cochiti (Bland) district, San Miguel county, inactive from 1904 to 1915, but with a record from 1894 to 1904 of a production of \$93,000 to \$145,000 in silver. The 100-ton cyanidation plant of the Cussack company, which commenced operations in September, 1914, was operated nearly all the year 1915 with a very considerable output of silver-gold cyanide precipitates. Continuous output of gold bullion was made from the amalgamation mill on the North and South Homesdale mines at Whitehorse, Lincoln county. The district has yielded a large quantity of gold. While the yield of metallic gold in 1915 from the Pinos Altos district was not equal to that of 1914, some high-grade shipments were made early in the year and work was active in the district on the lower metals. The Loriburg district, Grant county, nearly doubled its shipments of silver-gold and silver bearing copper and dry ores from fissure veins. The yield of this district in 1915 was \$101,000 in gold, 23,824,875 ounces of silver, and 2,614,674 pounds of copper. A small yield of gold was made from the Gold Hill district, north of Laramie. With an increased output of concentrates, the small gold content of the concentrates of the Chino Copper company in amounts sufficiently large in 1915 to be credited under their mining contract with 2.71 cents per ton of original ore, or 0.1 per cent per pound of copper produced, showed an increase. The reopening of the mines and matte smelter of the Santa Fe Gold and Copper company, San Pedro, Santa Fe, started in May, 1915, added a considerable quantity of gold to the New Mexico market. Increased shipments of gold-copper ore from the Jemez district, Otero county, also contributed to the gold increase.
